Keep the Feet Cool in Hot Weather

And the Rest of the Body Regulates Itself.

Give your ankles a chance to breathe by wearing Low Shoes. Our Low Shoes are made on special Oxford lasts which insure that perfect ankle fit and hug the heel without binding—eliminating that slipping at the heel which causes so much annoyance and for variety of styles and leathers our stock is unequalled.

For leathers nothing is cooler than Tans, and they are the proper thing for business and all informal occasions. Prices are surprisingly low too.

Patent leather is worn by many the year around and of course they are always correct.

In dull finished leathers Gun Metal Calf easily takes the lead and are specially popular with those who want the maximum of service at moderate prices.

Vici Kid is a splendid leather for hot weather shoes, being light and dressy and in good form for all occasions.

The Oxford season is now at its height and this hot weather is the best argument for their wear.

If you are in need of a new pair drop in and let us show you our assortment. You will surely find something that will suit you and the prices will always be the lowest consistent with the quality offered.

Women's White Canvas Oxfords.
Gibson and Christy Ties, Cuban and Military Heels and a diversity of styles of toes \$1.25 to \$3.00 per pair. Dressing to keep them fresh and clean, 10c.

Heel Linings—Are the heel linings of your Oxfords worn out, causing them to slip and have an unsightly appearance? If so let us repair them with our newly patented Heel Linings which make this part of the shoe as good as new for 15c the pair.
